INTRODUCTION

THIS BOOKLET designed to make your stay at Lime Lake more pleasant, was made possible only through cooperation of the advertisers. It is requested that you leave it at the cottage, that it may accomplish its purpose. In case you desire a copy, you may secure one without cost from any one of the advertisers in this directory.

The Cottage Owners Listings were compiled from the assessors files through the courtesy of Mrs. Paul Craig, Town Clerk of Machias, N. Y. Correct listings are very important. If inadvertently any name has been omitted from this Directory, or if any error is noted, please notify Mr. Roberson, Town Clerk, Machias., and a correction will be made in the 1955 Directory.

LIME LAKE

Lime Lake, in the foothills of the Allegheny Mountains, in Cattaraugus County, New York, in the northeast section of the town of Machias, is 100 feet above Lake Erie and covers an expanse of about 500 acres. The lake receives its name because of deposits of shell lime on the lake bottom.

Lime Lake is an artificial lake, originally consisting of three ponds. It was dammed up at the north end about 1839 to provide water power for a feed and saw mill. The lake is fed entirely by springs and has an outlet at the north end and at the south end. The outlet at the northern end flows under the Old Mill Roller Rink into the Cattaraugus Creek, thence into Lake Erie; the southern outlet flows into the Ischua Creek, thence into the Allegheny River.

Lime Lake hamlet is situated at the northern end of Lime Lake. The first settlements were made in 1813; the first school house, a log structure, was built in 1819; the first saw mill was built in 1823 by Andrew McBizzell; the first grist mill in 1823 by David Potter. The first store in this locality was operated by Howard Peck and Alva Jefferson, and the first inn in 1820 by a Widow Freeman. The only woolen mills ever to exist in the town of Machias were at Lime Lake and were run by Messrs. Follett & Colgrove about 1835. These mills were busy night and day, people coming from distant places camping out and waiting to have their work done.

In 1874 and 1875 a flour and grist mill operated by Jacob Wurst and John E. Euchner flourished under the facilities afforded by the lake's water power. In later years the water power of this lake was used by the Queen City Milk Company to operate a modern milk plant which has since ceased operation and is now the Old Mill Roller Skating Rink operated by L. N. Beardsley.

The lake also served as a great source of ice before electric refrigeration and the manufacture of artificial ice. The first ice house was built about 1880 by Newton & Armstrong for the Wester Ice Company of Buffalo and was destroyed by fire. The second ice house was built by W. L. Markham. The third ice house

was built by the Citizens Ice Company of Buffalo on the site now occupied by the dance hall at Lime Lake Park about 1888. The Webster Ice Company then constructed three more in the years of 1890, 1892 and 1896. The total capacity of the ice harvest at the lake per year was approximately 145,000 tons. With the advent of electric refrigeration and the manufacture of artificial ice, these ice houses were razed.

What is now the Odosagih Bible Conference Grounds was once known as Hazelmere Park, on the west shore of the lake. On these grounds, high over the lake, stood the famous old Hazelmere Hotel. The hotel was destroyed by fire and the park was not used for many years. Later a dance hall was constructed by Earl Pratt. The Odosagih Bible Conference Association purchased the dance hall and park and have since held their meetings and conferences here. They are continually improving and adding to the grounds. Several cottages are now located on their shore. More information concerning the Odosagih Bible Conference will be found on another page.

Lime Lake has constantly grown in popularity until now about 375 cottages line its shores..

Lime Lake is known for its good fishing, and is heavily stocked each year by the Lime Lake Sportsmen's Club.

The Pennsylvania Railroad runs along the east shore of the lake and crosses the B. & O. R. R. about a mile south of the lake at Machias Junction.

STANDARD TECHNIQUE FOR ARM LIFT METHOD OF ARTIFICIAL RESPIRATION

No. 1

No. 2

Position of the subject

Place the subject in the face down, prone position. Bend his elbows and place the hands one upon the other. Turn his face to one side, placing the cheek upon his hands.

Lime Lake Park Frozen Custard

Cups, Quarts and Pints

Milk Shakes and Sundaes

Richardson's Root Beer and Cherry
from the Barrel

1. Position of the operator

Kneel on either the right or left knee at the head of the subject facing him. Place the knee at the side of the subject's head close to the forearm. Place the opposite foot near the elbow. If it is more comfortable, kneel on both knees, one on either side of the subject's head. Place your hands upon the flat of the subject's back in such a way that the heels lie just below a line running between the armpits. With the tips of the thumbs just touching, spread the fingers downward and outward.

2. Compression phase

Rock forward until the arms are approximately vertical and allow the weight of the upper part of your body to exert slow, steady, even pressure downward upon the hands. This forces air out of the lungs. Your elbows should be kept straight and the pressure exerted almost directly downward on the back.

3. Position for expansion phase

Release the pressure, avoiding a final thrust, and commence to rock slowly backward. Place your hands upon the subject's arms just above his elbows.

4. Expansion phase

Draw his arms upward and toward you. Apply just enough lift to feel resistance and tension at the subject's shoulders. Do not bend your elbows, and as you rock backward the subject's arms will be drawn toward you. Then lower the arms to the ground. This completes the full cycle. The arm lift expands the chest by pulling on the chest muscles, arching the back, and relieving the weight on the chest.

The cycle should be repeated 12 times per minute at a steady, uniform rate. The compression and expansion phases should occupy about equal time; the release periods being of minimum duration.

Additional related direction:

It is all important that artificial respiration, when needed, be started quickly. There should be a slight inclination of the body in such a way that fluid drains better from the respiratory passage. The head of the subject should be extended, not flexed forward, and the chin should not sag lest obstruction of the respiratory passages occur. A check should be made to ascertain that the tongue or foreign objects are not obstructing the passages. These aspects can be cared for when placing the subject into position or shortly thereafter, between cycles. A smooth rhythm in performing artificial respiration is desirable, but split-second timing is not essential. Shock should receive adequate attention, and the subject should remain recumbent after resuscitation until seen by a physician or until recovery seems assured.

No. 4

MACHIAS

Machias is located on the elevated tableland between the waters of the Allegheny River and the Cattaraugus Creek. The soil is a clay and gravelly loam suitable for cereal and stock raising. Cheese making was at one time also a major industry, but has died out in recent years.

The village was originally known as Machias Five Corners, or Chickasaw. It was a stopping place for teamsters and travelers on the road between Olean and Buffalo. Major Timothy Butler has the honor of being the first resident of the town, coming here with his family from the state of Maine in 1807. More people kept coming, and gradually a wealthy community sprang up. Mills were erected at the foot of Lime Lake, and many distilleries to make rum out of maple syrup were started.

The old burial ground was located one mile north of Machias village and was called the Brewer Cemetery. About 50 years after the formation of this old cemetery, the present one, known as the Maple Grove Cemetery, was established. It lies $\frac{1}{2}$ mile west of the village in a sheltered, shady spot. However, a still older cemetery than the Brewer Cemetery existed until a few years ago. It is in the Gulf District, so was known as the Gulf Cemetery. On Memorial Day in 1940, a ceremony was held at the Maple Grove Cemetery while the remains of the old Revolutionary soldiers buried in the old Gulf Cemetery were interred in the newer burial place.

The first schoolhouse was built in 1827 with Amerilla Brown as its mistress. The school was located one mile north of the village, but burned down in 1830. About 1900 a new school was built on the present site of the newer part of the school still standing, but in 1913 this too, burned down. The very next year the school was rebuilt, and stands today with an addition made in 1935.

In 1827 too, the first Post Office was established, with Joseph Kinne, Jr., as the Postmaster.

Machias was chosen for the site of the County Farms, and buildings were erected on the present location in 1835. The original stone building burned, but was rebuilt in 1869.

The first religious sect to be founded in the town was the Free Will Baptist. Today there are four churches in the town—the Methodist, Congregational-Christian, Wesleyan and St. Christopher Churches, and all hold services every Sunday.

The Methodist Church was organized in 1822 with five members. Meetings were first held in the schoolhouse. In 1839 the Methodist, Christians, and entire community jointly built the present Congregational-Christian Church. The Methodists broke away and erected their own private church in 1853.

The first Congregational-Christian Church was established in 1827 by Joseph Bartlet, and it, also, had five members to begin with.

The third church was the Wesleyan Methodist Church organized in 1888 by Reverend B. F. McLaughlin.

The fourth church, St. Christopher, was built by cottage owners in 1941 at the north end of the lake with first services starting in July.

Phillips Post, No. 329, G. A. R. was founded in 1883 by Col. W. H. Hicks of Arcade. George A. Stoneman was the first commander.

The Masonic Lodge was established in 1894 with William A. Joslyn the first master. The building was erected in 1894 by D. S. Tilden, his son, and Dr. Clarence King.

The Western New York and Pennsylvania Railroad enters Machias from Yorkshire near the northeast corner and runs nearly straight south. The Rochester branch of the Buffalo, Rochester and Pittsburgh Railroad enters the northeast corner and crosses the Western New York and Pennsylvania.

Machias Junction is called such because it is at the crossing point of the Western New York and Pennsylvania, and the Buffalo, Rochester and Pittsburgh Railroads. There is a store located there, and a number of houses. A postoffice was established there when the Junction first materialized, but June 29, 1940, this was removed. The Junction people now get their mail on a route from Machias.

There was another shipping point of some importance in Machias called the Summit Station, and was established in the southwestern part of the town, on the Rochester branch of the Buffalo, Rochester and Pittsburgh Railroad. Summit Station contained some stores, a school house and about a dozen dwellings. This station gradually diminished in importance and thus in population until now only a few of the buildings remain.

Located near Lime Lake, Machias is noted as one of the beauty spots of Cattaraugus County.

TO ALL COTTAGE OWNERS:

The aims of your directors are to improve conditions at Lime Lake so that all of us may have a more pleasant and enjoyable Summer.

We are confident that if you will just take a moment to evaluate the situation, you will realize that we can only promote the projects which are of a general nature, and from which a greater number of Association members may benefit.

The Association has no enforcement powers, and in establishing policies, we are limited to the extent of our judgement. The greater the participation of cottage owners in the affairs of the Association, the better we can serve you.

Your directors have established a very friendly relationship with the Town of Machias and Cattaraugus County officials who are co-operating in giving us many services and improvements such as resurfacing of Lake View Blvd., and it is contemplating the same will be done to Potter Avenue in the near future, as well as making it possible to obtain your boat licenses by mail.

Your interest in the Association will be manifested by your attendance at our annual meeting Sunday, June 12, where you may state your problems, offer constructive criticism and lend encouragement to those who are devoting their time and efforts in an endeavor to serve you.

We regret to state that each year considerable difficulty is experienced in obtaining payment of dues and for garbage collection. If you are in arrears, please send in your check at once, along with your current dues, so that your Association may function properly.

PUBLIC ORDINANCE

Ordinance of the Town of Machias relating to speed
and operation of boats on Lime Lake

SECTION NO. I

Definitions:

1. Boats shall mean any floating craft except diving rafts, and shall belong to one of the following classes:
 - (a) Motor boats shall include every boat propelled in any manner other than by hand, feet or by wind.
 - (b) Any floating craft not enumerated in above.
2. Owner shall mean the person actually holding the title to a boat.
3. Operator shall mean an individual who operates or navigates a boat.
4. Under way shall mean that the boat is not at anchor, made fast to the shore or aground.
5. Starboard shall mean the right side, facing the bow of the boat.
6. Port shall mean the left side, facing the bow of the boat.

SECTION NO. II

Regulations:

1. The owner of each boat which will operate on the waters of Lime Lake shall file an application for the registry with the Town Clerk, on a form provided by him. The application shall state the dimensions of the boat, type of power unit and other data, which the Board considers essential for complete identification of the boat. The application shall be signed by the owner of the boat with verification of his ownership. Upon receipt of the application in approved form the Town Clerk will enter the same on the records of his office and issue a certificate of registration, stating the number assigned to him. The owner shall paint on or attach to each side of the bow of the boat the identification number in such position as to be displayed in a conspicuous manner with figures and letters at least 4 inches in height, and not less than one-half inch in width: white on all but white boats and black to be used on white boats. In case of a boat carrying Federal License number, color contrasting to the boat will be used to underline the number, giving it a Lime Lake identification mark.

2. The Town Clerk is authorized and empowered to grant licenses upon the payment of \$1.00 annual fee for each boat registered for the calendar year from January 1 to December 31. Licenses will not be issued from 12:00 Noon Saturday until Monday 9:00 A. M.

3. Every operator of a motor boat shall at all times navigate the same in a careful and prudent manner and at such rate of speed as not to endanger the property of another or the life or limb of any person. Reckless navigation of a motor boat shall include operating the same in a manner which unnecessarily interferes with the free and proper use of the waters of Lime Lake, or unnecessarily endangering other boats therein or the life or limb of any person. Every motor boat approaching or passing any other boat or bathing beach shall be slowed down to a speed that will cause no damage to the occupants of such other boat or bathing beach. No motor boat shall be operated within 100 feet of shore at a speed exceeding (5) miles per hour.

4. The exhaust of every internal combustion engine used on any motor boat on the waters of Lime Lake shall be effectively muffled by equipment so constructed and used to muffle the noise of the exhaust in a reasonable manner. The use of cut-out and sirens is prohibited.

5. Every motor boat in excess of five horsepower shall have life preservers, life belts or buoyant cushions which shall be in sufficient numbers to provide safety for those on board. No boat, canoe or other craft shall be loaded to more than its seating capacity. Each boat shall have no less than four inches of space from gunwale to the water, however the enforcement officer shall have the authority to order off the lake any over-loaded boat at his discretion.

6. Every boat when under way, or while at rest, as used for fishing upon the waters of Lime Lake during the hours from sunset to sunrise shall carry a white light aft to show all around the horizon.

7. Proper signs setting forth the above regulations and whom to notify in case of disturbance or accident shall be posted at the boat liveries operating on the lake, in each cottage and at other places of lake entry as may be necessary to enlighten visitors.

8. Any operator of a boat will be held responsible for any violation of this ordinance.

9. Any violation of this ordinance shall be an infraction punishable by a fine not to exceed \$50.00 or 30 days imprisonment, or both, and/or license may be revoked or suspended.

SECTION NO. III

Issuance of Summons and Procedures Thereon

1. Upon violation of any of the provisions of Section II of these ordinances of the Town of Machias, either within or without his presence, any constable, Sheriff or Deputy Sheriff of the County of Cattaugus, is hereby authorized to issue summonses in the following form, the blanks to be filled in by the officer as the case may be:

S U M M O N S

Town of Machias Police Department

Boat (make or description) -----

License No. -----

Violation of Town Ordinance Section -----

Occurred at -----

Date ----- Hour -----

Officer -----

To the owner or operator of the boat bearing the above Town of Machias License No. -----:

This boat has been maintained or operated at Lime Lake in the Town of Machias in violation of the ordinance of the Town of Machias as indicated above. You are hereby required to appear before -----, Justice of Peace, at his office and residence in the Town of Machias on:

-----, 19-----, at ----- o'clock ----- M. ----- Time.

Failure to appear will subject the registered owner or operator of said boat to a fine.

2. Time To Appear:

The summons mentioned in the last preceding section shall require the defendant's appearance not less than two or more than ten days after the service of the same, except that upon demand, the defendant may appear forthwith.

3. Service of Summons:

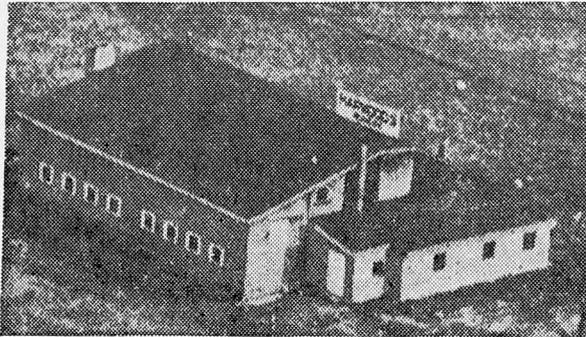

The Summons mentioned in the last preceding section may be served by delivering to and leaving with the defendant personally, either within or without the Town of Machias, a copy thereof; or by attaching the same in a prominent place to any boat which is found in or on Lime Lake in violation of these ordinances.

4. Punishment For Failure To Appear:

Failure of the owner or operator of said boat to appear in response to a summons, a warrant shall be issued for arrest and shall be punishable by a fine of not less than \$10.00 nor more than \$50.00.

5. This ordinance drafted July 7, 1947, and amended March 2, 1953, will be effective April 1, 1953.

IN CASE OF DISTURBANCE OR ACCIDENT NOTIFY Constable Fred Coe, phone Machias 8710 or Call Sheriff's Department, Local No. Machias 8544. Or call or dial the operator and say: "I Want the Sheriff." If you cannot remain at the telephone tell the operator where help is needed.

ODOSAGIH BIBLE CONFERENCE

This organization came into being 29 years ago, when a small group of ministers and laymen from seven different denominations in this region gathered in what was known as Hazelmere Grove. The first conferences were conducted only a few days each year until some years ago the time was increased to 15 days each session.

In 1927 the 23 acres, including buildings, was purchased for \$13,000. This has been paid. Thousands of dollars' worth of equipment has been added during the years. The work has reached out in Youth Conference, Girls' Camp and Boys' Camp. This is not only a Christian Center for Odosagih, but other groups, as the American Sunday School Union; Buffalo Fundamental Youth Conference and Christian Missionary Alliance, make use of the grounds.

Five or six other conferences throughout New York and Pennsylvania are the outgrowth of Odosagih. Great Bible teachers have brought inspiration to thousands of people and the churches of Western New York, Pennsylvania and Ohio have been greatly strengthened. This interdenominational work is carried on by free will offerings. About 15 missionaries are now in the foreign field who caught their vision at Odosagih.

Besides the meetings held in the spacious tabernacle, some of the most important are the groups of 100 to 200 gathered in devotional services about campfires in the woods. The hills, lake and wooded grounds give an ideal setting for recreational and spiritual atmosphere. Nearly every year a large number are baptized in the lake.

Founder, John E. Whitney, Peckville, Pa., has been president since it beginning.

Dear Cottage Owner:

Your cooperation in making this Directory a success is greatly appreciated by the publishers. If your name has been omitted or printed in error, please notify Town Clerk, Machias, N. Y., as it will help keep his records straight.

All the new numbers to date assigned to cottages are shown in this edition. It is hoped all owners will immediately renumber their cottages in accordance with the new list and thus cooperate with the Lime Lake Cottage Owners' Association, the Fire Department, and others who might wish to reach you in an emergency.

The numbers start near the water tower, East side, and run consecutively around the lake, following Potter Avenue, Hazelmere Avenue, which is the county road on the South side of the lake, through the Bible Conference grounds, then start at Long Point Drive or Mr. A. C. Bird's cottage, continue around Broadbay Circle, then take in the sub division of the farm which is along the road on Route 16, then the Potter sub division on Lake View Blvd., continue along the West side and end up with the cottages at the North end of the lake.

The publishers of the directory wish to thank all those who contributed to the success of the book. Patronize the advertisers who have made it possible. They are interested in making your stay at Lime Lake a pleasant one.

L. L. SCHUYLER,
Publisher

LEONARD HERPST,
Directory Manager.

COUNTY HOME AND FARM

The traditional institution of public welfare is the county home. The first county poor home was established at Machias in 1835 as pointed out by Miss Weston.* It is interesting to note from this same source that 225 persons cared for in the county home in 1869 at a cost of \$5,169 and in the same year \$4,993 was spent on outdoor relief. The county home while it no longer occupies the preeminent position of the old poor home, continues to play an important part in county welfare activities. It provides facilities for domiciliary and infirmary care of the chronically ill, the aged, the infirm and those persons with failing mental faculties whose conditions do not warrant commitment to a mental hospital. Boarding home care is not adequate for chronic alcoholics and border-line mental cases. The aged and ambulatory chronically ill men are housed in a separate men's dormitory. The infirm and convalescent requiring active nursing care, which is about eighty percent of the inmate population have separate space. The total inmate population have averaged approximately ninety-seven over the last ten year period. The average number of inmates in the county home in 1954 was 85. During 1954 the Ladies' Cottage was demolished.

The infirmary has been inspected and approved as meeting the standards of medical service, nursing care, diet service, sanitation, safety and fire protection required to qualify for federal aid for care of certain patients. Infirmary inmates are under continuing medical treatment, some requiring therapeutic diets, and others only medical and nursing care and the serving of meals and nourishment. Even within the last year improvements have been made to improve care of the chronically ill in the infirmary.

The county farm is operated in connection with the county home to provide fresh vegetables, eggs and milk in addition to poultry, beef, pork and maple syrup. These products are processed, stored and used as needed to provide high quality meals for inmates and staff.

In 1944, a quick freeze and refrigeration storage was installed; the freezer room being 15' x 30', and cold storage room was 25' x 30'. In 1951 a 40 quart ice cream freezer was installed. With these facilities the home is able to save considerable money and at the same time set a better table for the inmates at a lower cost.

ies in the infirmary are entirely in-

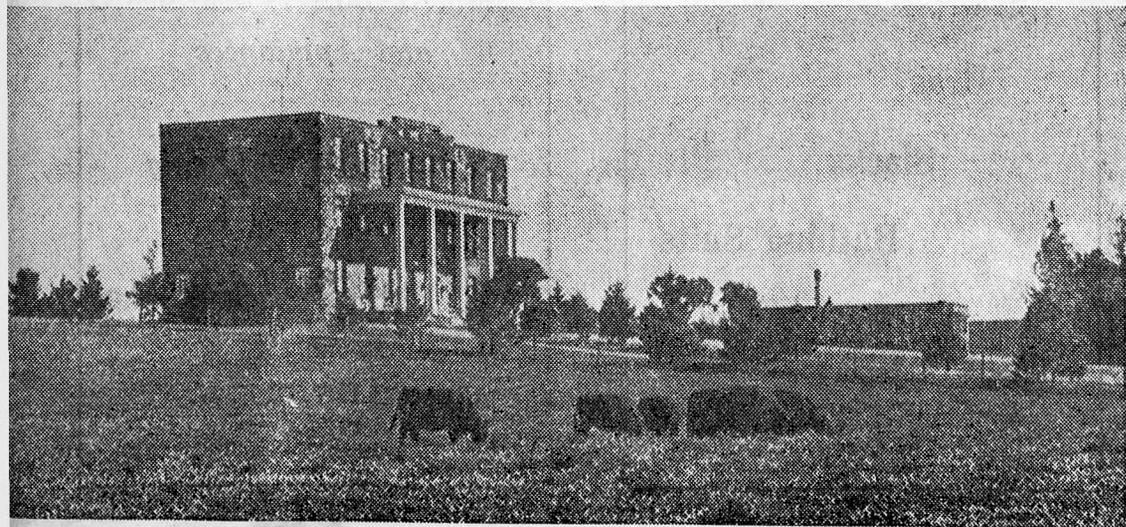

The Board of Supervisors have plans for additional infirmary facilities and have set up a reserve fund to meet the need.

Following statistics indicate that there is a continuing need for more facilities. Improved medical facilities are extending the span of life and thus increasing the proportion of aged persons in the population. In 1900 there were 3,000,000 persons 65 years of age and over in the United States; by 1950 the number had increased to 10,000,000. Today the aged population

is rising at an annual rate of approximately 300,000.

The Commissioner of Public Welfare, H. E. Robinson, is responsible for the management of the home and farm and for care of the inmates. He controls admissions and discharges of inmates, appoints the attending staff and directs their work. Costs include gross farm expenses, maintenance and operation of county home and infirmary and salaries of the institutional staff.

May 14, 1955.

Lime Lake Cottage Owners Association,
Lime Lake,
Machias, New York.

The regular meeting of Lime Lake Cottage Owners Association will be held Sunday, June 12, 1955, at 10:00 A. M. sharp, at the pavilion located at the North end of Lime Lake.

The meeting is for the purpose of electing two directors and for such other business as may legally come before the meeting.

The annual dues, including garbage collection, is \$5.00 per cottage. To assure garbage collection, 1955 dues must be paid prior to July 10, 1955.

Others may become members of the Association by paying the annual fee of \$2.00.

Done by order of the Board of Directors.

Robert W. Farr, Jr.
Secretary-Treasurer
Lime Lake Cottage Owners Association.

FRANKLINVILLE, N. Y.
V. L. Beach, Owner

...all's quiet ON THE WATER FRONT!

There's a quiet *new* sound on the water...from a wonderful new kind of motor . . . the Fleetwin Aquasonic, by Evinrude. *It's Whispering Power!* So quiet you hear the rush of water above the hush of the motor. *And there's no vibration!* No quiver in the hull; no "tingle" in the steering handle. You breeze along, smooth as sailing... *at speeds that plane your boat!*

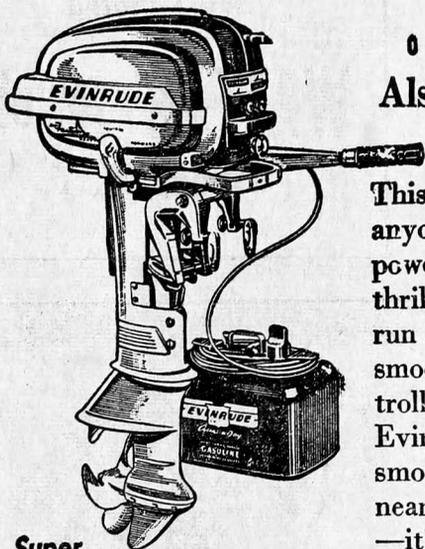

Full 7½ HP—O.B.C. certified at 4000 R.P.M.—with "big-motor" features like Gear-shift, Cruis-a-Day Tank, Auto-Lift Hood, Roto-Matic twist-grip control. And it weighs just 49 lbs. See it—*hear it*—TRY IT—

**Super
FASTWIN**
15 O.B.C.
certified
brake H.P. at
4000 R.P.M.

This motor spells F-U-N in anyone's book! The fun of flashing power, trigger-fast response, thrilling speed! The fun of a fast run to far-off fishing spots . . . and smooth and steady mile-an-hour trolling. It's *all yours* with an Evinrude Super Fastwin—smoothest, quietest motor in or near its class! 15 h.p.—just 67 lbs.—it's America's all-time favorite for all-around fishing, water skiing and family fun! Come in for a demonstration *soon!*
